The best begets the best. When you're in Kolkata's largest and greenest residential project with the tallest towers, it goes without saying that our community of residents represent the cream of not just the city but the country as well.

From eminent doctors to leaders of the industry, from esteemed professionals to beloved celebrities, Urbana is home to a vibrant mix of highly successful and accomplished individuals who breathe life into the Urbana Welfare Association Durgotsav Committee.

From organizing cultural celebrations to actively helping the underprivileged women and children from areas around, the UWADC is powering ahead to 'change the world' of society at large. We will be organizing Durga Puja 2017 with a whole lot of activities, both cultural and social.

You are invited to be a part of the accomplished Urbana family, by partnering us. Your message will be seen and heard by the most prominent eyes and ears of the city!
