

Berger Express Painting Services:

Berger Paints India Ltd. is the pioneer of introducing the concept of mechanized painting process by the name of Express Painting (Shortly XP Painting) in India. This has made revolutionary changes in the painting industry under the punch line of “FASTER CLEANER BETTER” honoring the concept of quick better finish with absolute dust free ambience & with no extra charges.

- Painting through automatic machine at 40% faster rate.
- Absolutely dust free painting by sander.
- Better painting by well-trained painter.
- Above of all better painting with absolutely no extra cost.

To help you decide, we provide:

- Assistance in selection of products and finishes within our range of products.
- Technical Datasheet(TDS) that contain data on our products
- Assistance in shade selection. Also, Preview service enables you to see how the various shades and combinations will look on your exterior walls with a computer generated image (at the company’s discretion).
- Site sampling to provide a tangible perception of the finish and shade whenever required.
- Testimonials in the form of letters and photographs.
- All painting done through dust free automated machines – Express Painting Service

To help you during the painting process, we provide guidance on:

- The paint application procedure based on our Product Information Sheets.
- Approximate estimation of paint consumption based on information furnished tours.
- Substrate preparation depending on substrate condition.
- Pre-painting surface inspection by technical personnel (if required).
- Introduction of contractors for application (if opted for) in certain locations.
- Site visits by our personnel (frequency of visits to be agreed upon).
- Post-application maintenance.
