URBANA WELFARE ASSOCIATION

UWA ELECTION 2021

Notice – Voter List and Dates

Election/UWA/2021/5

2nd July 2021

To

All Members,

This has reference to the elections of the office bearers of the UWA for the term 2021 – 22. Since my post yesterday, I have been receiving queries of members and these concern the following two issues.

1. There are members who are still unaware that the election process is on mainly because they are not part of the two UWA WhatsApp groups.
2. That the team members who are part of the updation list of the membership were EC members of the previous (and now Caretaker) UWA.

In order to address this, the following steps are being taken.

- a. Change in some dates related to the election process – The following changes may be noted

- 04.07.2021 - 07.00 PM Publication of the “DRAFT updated members / voters list”. Claims for addition of names can be submitted till 04.07.2021 – 12.00 Noon.
- 06.07.2021 - 08.00 AM Receipt of Objections to the “DRAFT updated members / voters list”.
- 06.07.2021 and 07.07.2021 Scrutiny of the objections and preparation of “Final Voters List”.
- 07.07.2021 - 07.00 PM Publication of “Final Voters List”.
- 07.07.2021 - 08.00 PM Commencement of Receipt of Nominations

- b. I earnestly request volunteers who can be a part of the revision of the voters list and scrutiny of the nomination papers. I would request all of you, who wish to so help me, reach out to me personally. I plan to have six members, however if I receive more requests, I will pick the names by “draw of lots”.

The UWA Office is requested that this is given wide publicity – in the form of posting in the website, posting the same in ALL the notice boards etc. They are specifically requested to crosscheck - which members are not part of any of the two UWA WhatsApp groups and take specific steps to ensure that the message reaches them and update the undersigned on the same by 08.00 PM of 3rd July 2021.

It may be noted by all that we are cutting the times too fine and hence all are requested to cooperate and ensure that there are no further delays.
